A Consortium of Yale University, Stanford University, University of Arizona, and UC Berkeley

WHAT IS IT?

• A 12 month, NIH-supported, mentored training in global health research designed to address health inequities and improve population health. Fellowship year typically runs July-June.

• 25 training sites located in 21 low- or middle-countries

• Postdoctoral fellows from the US and LMICs and US students currently enrolled in doctoral (PhD, DrPH, etc.) or professional degree programs (MD, DDS, DVM, etc.) can apply

BENEFITS?

• Stipend at NIH scale, insurance, travel, and research funds as well as a week-long orientation at the NIH with the world’s leading global health experts

• Gain research experience and have the opportunity to publish in peer-reviewed journals and present at national and international conferences

• An active network of alumni available to provide mentoring support

APPLICATIONS ARE DUE NOVEMBER 20, 2022 FOR 2023-2024 FELLOWSHIP YEAR

WHO CAN APPLY?

• US Citizens & Permanent Residents from any US institution can apply for post-doctoral fellowships (priority group)

• US Citizens & Permanent Residents from any US institution can apply for pre-doctoral fellowships

• Low and Middle-Income Country (LMIC) Citizens for Post-Doctoral Fellowships

• GHES is committed to fairness, equity, and inclusion. We strongly encourage applications from underrepresented populations.

GHES APPLICATION GUIDELINES

• The application requires working with a faculty mentor from one of the four GHES US institutions

• We strongly recommend interested individuals to contact a GHES program manager to discuss the application

• Program Managers can help connect potential applicants with GHES faculty mentors based on research focus area and career goals

For detailed information about eligibility criteria and the application process, please refer to: https://medicine.yale.edu/yigh/ghes/
